

## ACCESS TO STUDENT RECORDS

Dear Parent or Eligible Student:

This is to advise you of your rights with respect to student records pursuant to the Family Educational Rights and Privacy Act (FERPA). FERPA is a federal law designed to protect the privacy of student records. The law gives parents and students over 18 years of age (referred to in the law as “eligible students”) the following rights:

1. The right to inspect and review the student’s education records within 45 days of the day the District receives a request to access.

Parents or eligible students should submit to the Building Principal a written request that identifies the records they wish to inspect. The Principal will arrange for access and notify the parent or eligible student of the time and place where the records may be inspected.

2. The right to request the amendment of the student’s education records that the parent or eligible student believes are inaccurate or misleading.

Parents or eligible student may ask the District to amend a record that they believe is inaccurate or misleading by writing the Principal clearly identifying the part of the record they want changed and specifying why it is inaccurate or misleading.

If the District decides not to amend the record as requested by the parent or eligible student, the District will notify the parent or eligible student of the decision and advise them of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.

3. The right to consent to disclosures of personally identifiable information contained in the student’s education records, except to the extent that FERPA authorizes disclosure without consent.

One exception which permits disclosure without consent is disclosure to school officials with legitimate educational interests. A school official is a person employed by the District as an administrator, supervisor, instructor or support staff member (including health or medical staff and law enforcement until personnel), a person serving on the school board, a person or company with whom the District has contracted to perform a special task (such as an attorney, auditor, medical consultant, or therapist); or a parent or student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks.

A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.

Upon request, the District discloses education records without consent to officials of another school District in which a student seeks or intends to enroll.

4. The right to file a complaint with the US Department of Education concerning alleged failures by the District to comply with the requirement of FERPA. The Office that administers FERPA is:

Family Policy Compliance Office

Washington, DC 20202-4605

Sincerely,
