The use of the Internet is a privilege, not a right, and inappropriate use will result in a cancellation of those privileges. Each student who receives access will participate in a discussion with the librarian or business/computer teachers pertaining to the proper use of the network. The teacher will deem what is inappropriate use and his/her decision is final. The district may deny, revoke, or suspend specific user access. District personnel are authorized to use Internet and computing resources only in accordance with the educational and administrative goals of the district. Responsibility for activity initiated through the District computer account is the sole responsibility of the adult who accessed the Internet.
