SCHEDULING AND ROUTING

In the interests of safety, economy, convenience, and efficiency, the following policies are to be in effect.

- 1. Bus routes shall be reviewed each summer in relation to routing, student load, and bus stops.
- 2. Buses shall pick up and discharge students on both sides of main roads whenever possible so that students will not have to cross the road.
- 3. Bus stops will be designated as needed in order to provide a safe waiting area and one which is back from the shoulder of the road.
- 4. Both students and drivers must observe the adopted time schedule.
