### ***Student Focus - Principal's Message***

Dear Students,

As the school year ends, it's crucial to finish strong. Stay focused on your goals with relentless determination until the last day. This effort sets a positive pattern for your future, whether you're preparing for the next grade level, entering vocational training, entering the workforce, or pursuing higher education, the habits you form now serve as a foundation. Maintaining high standards now builds a firm foundation for future success.

Final exams, Regents and end-of-the-year projects significantly impact your grades, affecting future opportunities. Finishing strong also provides a sense

of accomplishment and personal satisfaction. There is a pride that comes from knowing you have given your best effort, regardless of the outcome. This, in turn, can boost your confidence and motivation, encouraging you to tackle future challenges with enthusiasm and determination.

In short, finishing strong helps build momentum for the future, ensuring you stay engaged and proactive in your growth. The habits and routines you establish now will carry over into the next phase of your journey.

We're here to help you sprint through the finish line! Reach out to your teachers if you need help; utilize Schoology to stay up-to-date, and get plenty of rest.

Time to grind!

Sincerely,

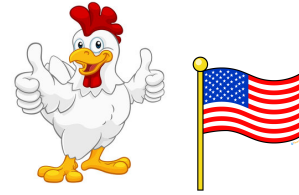

Mr. Yorke
